On behalf of the entire Lighthouse community, we extend our deepest gratitude to all our generous sponsors. Your support made our very first yearbook possible—capturing the fun, growth, and unforgettable memories of this school year for every student and family.

The **LIGHTHOUSE**

FOUNDERS

Daniel Skitch

Founder/CEO School Director

We are proud to be a family school, with a close-knit community where lifelong friendships and meaningful connections are at the heart of what we do. As we continue to grow, we remain committed to ensuring that our core values—excellence, creativity, and innovation—stay central to the Lighthouse experience. Together, we are creating a school that prepares our children not just for academic success, but more importantly, for the future we are privileged to help them shape.

Sincerely, Daniel and Melissa Skitch

At Lighthouse, we believe in preparing children for the future by moving beyond the methods of the past. Education today requires innovation, creativity, and a commitment to fostering skills that will shape tomorrow's leaders. We emphasize entrepreneurship, public speaking, and the ability to gather, analyze, and apply data—skills that are essential in an ever-changing world.

As founders and parents, with six children at Lighthouse, We are deeply invested in the growth and success of our school community. We understand firsthand the importance of creating a nurturing environment where every child can thrive, explore their passions, and build the confidence to face future challenges.

Melissa Skitch

Co-Founder/COO School Director

Message from the Headmaster

At Lighthouse, we are proud to nurture the next generation of leaders, entrepreneurs, engineers, visionaries, tech pioneers, artists, educators and business owners. Helping them develop the essential skills for today's fast-evolving global economy. Our Business Centre of Excellence reflects our commitment to innovation, creativity, and purposeful learning.

With small class sizes, our students thrive in dynamic, fast-paced environments that encourage teamwork, problem solving, and critical thinking. The rise of the online economy means the world has changed, and so have we. Our project-based learning approach equips students with the ability to research, analyse, and present their ideas confidently—skills they will carry into the future. Students take ownership of their learning and enjoy the creativity and collaboration that come with meaningful project work.

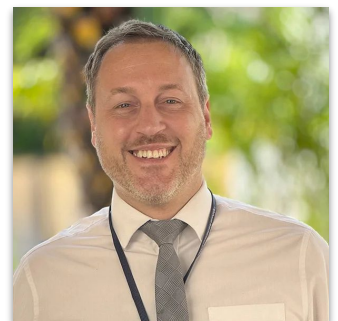

We seamlessly combine this modern, entrepreneurial focus with a strong academic foundation aimed at achieving high results in the Alberta (Canadian) Diploma Programme. An internationally recognised qualification that ranks in PISA international rankings above nearly all others and is accepted and esteemed by universities worldwide.

This year has been tremendously successful. We've established positive classroom routines, built strong school structures, and reached significant milestones:

- Gaining *Cambridge International School* accreditation
- Achieving *Level 3 accreditation* with the Alberta provincial government for next year
- 100% graduation for all our grade 12 students with an Alberta (Canadian) high school diploma given by the government of Alberta.

We've also shared memorable cultural celebrations, with an incredible Christmas show with 90%+ student participation, vibrant Loy Krathong and Songkran festivities, and many more moments that have helped shape our identity as a school.

As we close this chapter, we look ahead with excitement. Next year, we will be even bigger, brighter, and more impactful as we continue to shine. Wishing everyone a joyful and restful summer break and thanking everyone in our incredible community for your ongoing support!

Hello and welcome!

I'm so excited to be part of your child's learning journey. I come from Canada. My name is Patty Camplin, and I have the incredible joy of teaching kindergarten — where every day is filled with discovery, growth, and plenty of smiles! With a background in teaching I have 10+ years of experience! I love creating hands-on, interactive lessons that spark imagination and help children learn through play and discovery.

I believe that kindergarten is not just about learning letters and numbers — it's about building confidence, curiosity, kindness, and a lifelong love for learning. In our classroom, every child is celebrated for who they are and encouraged to explore the world around them in a safe, nurturing, and playful environment.

Ms. Phyto - I hold a Bachelor's degree in Mathematics. My passion for supporting and nurturing children was ignited during my volunteer work at a monastic school in my home country. Since then, I have built up seven years of experience in the educational field. Over the last four years, I worked as an English Language Teacher in Myanmar. This experience has prepared me to begin a new role as an Assistant Teacher here at Lighthouse International School.

Ms. Hline, With a Bachelor of Arts in International Relations from the University of Mandalay, I have accumulated extensive experience in education. My academic background includes a Bachelor of Arts in International Relations from the University of Mandalay, complemented by a Diploma in English and a Certificate in Chinese Language Proficiency. I have worked in various roles, including as an English Language Teacher at Master Professional Education Center and an Academic Coach at Wall Street English Myanmar. Teaching is deeply fulfilling for me because it allows me to guide students on their journey of growth and discovery. Additionally, my love for cultural diversity and communication aligns perfectly with the opportunities teaching provides to connect with students from various backgrounds.

Ms. Mitti is a passionate educator and Rhythmic Gymnastics coach with a background in Nursing and international teaching experience, particularly in China.

She holds a TESOL Certificate and is committed to lifelong learning. Energetic and student-focused, she enjoys outdoor activities, hiking, and is currently training in Muay Thai, embracing Thai culture fully.

Grade 2

Ms. Sitara is a multilingual educator and Russian teacher with global teaching experience and fluency in five languages. With a background in German studies and a love for cultural exchange, she creates inclusive learning environments. Outside the classroom, she practices yoga, roller skates, and is currently learning Chinese, reflecting her love for continuous growth and exploration.

Hi, I'm Mr. Ash I'm passionate about outdoor learning, life skills, and creating real-world lessons that help shape future-ready children.

With a Bachelor of Education degree from the UK and experience in the International Bachelorette (IB) programme I love to encourage the children through project-based learning, encourage peer review, and work as a team to grow together. Every day is a chance to build confidence, character, and a love for learning that lasts.

I feel very blessed to be part of the Lighthouse family and look forward to the years ahead as I pursue my calling of educating the next generation.

Janet is a passionate educator with a Bachelor degree in Sports Science. Janet is focused and goal oriented. This is exemplified in her having summited Mount Everest and sailed the world with her family on a boat without an engine! Having excelled as a student-athlete and national tennis champion while embodying discipline and perseverance in all aspects of her life. Janet draws from her unique journey to inspire students, encouraging them to view education as a tool for discovering their potential and exploring the world around them.

Miss Rizabel Salvatierra, also known as Teacher Bel, is a dedicated teacher who holds a Bachelor's degree in Education, majoring in English, and currently pursuing a Master's in Education with a focus on Educational Leadership. With seven years of teaching experience, including both private and public schools, she has had the privilege of shaping young minds and contributing to their academic growth. She is committed to continuous professional development, having attended numerous seminars and workshops to enhance her skills. Currently in Thailand, she is broadening her horizons and furthering her passion for education. A passion she emits and passes on to her students each day.

Mr. Dean Wallis is from Vancouver, BC, Canada. He takes great pleasure in taking on the role of principal at the Lighthouse International School – Elementary in Phuket, Thailand.

Grade 6

He has been in education now for thirty years, with Bachelor of Arts and Bachelor of Education degrees from UBC, much training in IB curriculum and assessment and a post-graduate certificate in School Leadership from Harvard. He is committed to creating impactful and inspiring educational opportunities for children, so they can be best prepared for the world of this 21st century, with the necessary knowledge, skills and values making them global citizens with great potential.

I hold a Bachelor's degree in Small Business Management and Entrepreneurship, along with a teaching certificate in Secondary Education. I have been part of the Lighthouse School community since 2019, contributing in various capacities as a subject teacher, homeroom teacher, and now as a specialist teacher in Art and Music.

In my role as Art and Music Coordinator, I bring together my passion for creativity and education to develop dynamic programs that inspire and engage students. I love teaching because it allows me to leave a positive impact on the next generation, helping them discover their unique talents and potential. My goal is to nurture their creativity and instill in them a lifelong appreciation for art and music.

John Pickles, a devoted Leeds United fan, passion is what he exudes

Grade 9

After teaching in Phuket for seven years, he joined Lighthouse, where he now leads the English Support Department. Nearly fluent in Thai, he effectively bridges cultural and linguistic gaps. Outside of work, John is an avid cyclist and a devoted Leeds United fan, embodying the same hard-working spirit that defines his professional life.

Nick Bamford has been involved in education in Phuket for over 15 years, and is a beloved fixture of Lighthouse School. Outside of the classroom, you will often find Nick tinkering in his garage, either fixing or creating something, or cruising around in his cherished Mini Cooper.

Nick has been involved in Lighthouse from the very beginning when it moved to its current primary school site. He subsequently joined the team at the new Secondary site, helping get the school established.

Business and Economics

At Lighthouse School, Business and Economics is more than a subject. It is a launchpad for future leaders. This year, students tackled real-world challenges by building business plans, managing budgets in Excel, and developing marketing strategies.

They explored personal finance, global trade, and the role of money and banks, gaining essential life skills and a strong grasp of how economies work. From pitching ideas to crafting ads, learners embraced creative, financial and innovative thinking. Aligned with the Cambridge IGCSE and Alberta high school standards, our program builds confident communicators and future entrepreneurs. Students thrived through projects, presentations, and debates. Thanks everyone for a great year!

LIONS, Home of the Champions

House Competition

This school year, the House Competition has been an incredible highlight for students and staff alike. From thrilling sports days to spirited academic challenges and creative contests, the competition brought out the best in everyone. Each house showed outstanding teamwork, enthusiasm, and resilience, making every event a memorable experience. The sense of camaraderie and friendly rivalry was felt throughout the year, and the final race for the House Cup kept everyone engaged until the very end. It has truly been a fantastic celebration of school spirit.

ELS

"ELS program helps me to understand English better. Now I can understand English better and speak English better. I like the reading and grammar activities. I like the new words we learn every week, and pictures that help me remember the words. Learning English in our class is interesting and fun. In our class we have good and kind teachers who help us learn more about English. I like it."

- Anastasia Kim
Grade 7A student

"Safety First: Empowering our team with first aid training to ensure we're always ready to respond when it matters most."

‘Tis the Season to be jolly!

LOY KRATHONG FESTIVAL

ลอยกระทง

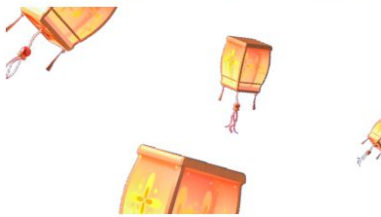

“LIGHT, WATER, AND NEW BEGINNINGS”

LOY KRATHONG

Loy Krathong is a Thai festival celebrated in November. People float small boats called krathongs on rivers to thank the Goddess of Water and let go of bad luck.

A krathong is made from banana leaves, flowers, a candle, and incense. At night, the water is full of beautiful lights. It is a time for peace, thanks, and new beginnings.

STUDENT AWARDS

Recognising student success through awards is more than just celebration – it's a powerful motivator that reinforces effort, progress, and personal growth. This year, our school has continued to prioritise acknowledging achievements in academics, character, leadership, creativity, and community involvement. Whether through certificates, shoutouts, or house points, each recognition has helped students feel valued and inspired to strive for their best. Celebrating success not only boosts confidence and morale, but also builds a positive, achievement-driven culture where students are proud of themselves and each other.
